Sir:

In response to the July 31, 2007, supplemental written restriction requirement, applicants hereby elect Group VI (i.e., claims 1-7) without traverse.

In response to the election of species requirements, applicants elect (a) administration of AL8810 by itself and (e) via administration to the female reproductive system. This mode of administration finds descriptive support at page 18, lines 7-8, of the application. Claims reading on the elected species include Claims 1-5.

Rejoinder of Group VII with elected Group VI, and examination of the claimed genus is respectfully requested.

Respectfully submitted,

Date: October 3, 2007
